Record Keeping for Real Estate Investors

QuickBooks: Tools for Fast and Easy Management of your Real Estate Investments.

Do you spend too much of your time and money on record keeping? Are you still writing checks by hand, or does your current accounting system leave a lot to be desired? Let QuickBooks do the work for you.

- Print checks and pay bills
- Track all income and expenses by class
- Saves time
- Captures missed deductions
- Manage payroll processing and/or 1099 Filings

Classes will offer "Making the Right Entity Choice" for different types of Real Estate businesses as well as a question and answer period. Small group learning for maximum potential. Classes are limited and will be based on demand. Visit our web site **www.brwcpa.com** for more information.
